Alphabetical List of Administrative Units By Counties

County units are listed alphabetically and are printed in bold face capital letters. City units are listed alphabetically under the counties in which they are located and are printed in bold face capitals and lower case letters.

Under the heading "Accreditation Status," SA indicates that these schools are accredited by the Southern Association of Colleges and Schools.

Administrative units accredited by the State Board of Education in accordance with the current policies and procedures are so designated in the first line of each accredited unit's entry. The numerals I, II, and III indicate the level at which the unit is accredited.

Level I: Local administrative unit has developed an approved comprehensive educational plan.

Level II: Local administrative unit is implementing the approved comprehensive educational plan.

Level III: Local administrative unit has documented significant progress toward the attainment of the priority objectives in its comprehensive educational plan.

Schools are listed according to code numbers and alphabetically. See page 130 of 75-76 edition for further explanation of the code numbering system. An alphabetical index of all public schools with code numbers starts on page 131 of 75-76 edition.

The 1976 final enrollment figures shown with each school unit include kindergartens.

CODE NUMBERS FOR NORTH CAROLINA SCHOOL ADMINISTRATIVE UNITS

North Carolina has 31 partial county units, 69 total county units, and 45 city units. Code numbers listed below are arranged so that city units follow the county units in which the city unit is located. All statistical data are compiled independently for the 145 units, and it is necessary to add city unit(s) data to the containing county when it is desired to obtain county totals rather than administrative unit totals.
